ETHICS & RISK MANAGEMENT IN COMPLEX CLINICAL CONUNDRUMS (THE TRUST)

COSPONSORED WITH THE METROPOLITAN STATE UNIVERSITY PSYCHOLOGY DEPARTMENT

ABOUT THE PROGRAM

15% off your Trust Sponsored Professional Liability Policy premium (for 2 consecutive years at policy renewal) if insured by the Trust.

For almost 25 years, The Trust has been providing continuing education workshops and individual consultations, with a focus on improving psychologists' risk management skills and strategies. These workshops have evolved from basic concepts and strategies, to a more applied, integrated, and strategic approach to help you protect yourself from adverse disciplinary and legal actions.

For this newest workshop, The Trust Risk Management Program reviewed data from over 70,000 consultations provided to date in order to determine which issues and questions are most pressing for today's psychologists. Topics will include: boundaries and multiple relationships, challenging terminations, working with children in the midst of family conflict, coping with disciplinary complaints, and psychotherapy patient requests for legally-related documentation.

The workshop is applicable to psychologists and other related behavioral health practitioners working in all types of settings where health services are provided.

This session is at the intermediate level and is designed for psychologists and other mental health professionals.

Any program changes will be posted on the MPA website. Must attend the full six hour program to receive credit. No partial credit will be given.

****CE credits not awarded for these activities.***
